

HOUSE OF MAHARLIKA

# EVENT SPACES

The *House of Maharlika* will also be a sought after venue that can host various events. The setting will suit all manner of events such as weddings, corporate functions, and other social gatherings. The surrounding area will provide an incredible canvas on which to design your envisioned event.

We will have a number of distinct sections to accommodate a wide range of needs. From intimate gatherings in the Orchid Garden or beneath the Mango Trees, to larger scale events which can be held al fresco in an open field underneath the natural beauty of the heavens. There is also the option of having a tent to provide some shade or relief from nature's elements.

# ACCOMMODATIONS

We can also be your home away from home. We will provide a wide range of accommodations to align with your particular desires. Upon checking in, you will be chauffeured in an open air vehicle to your selected abode, lapped by pineapple and cacao fields and backed by rows upon rows of flora and fauna.

Our accommodation will serve as sanctuaries informed by the Philippines' ancient past and vibrant present. You may dive right into your pastime of choice, or ease into your stay with a *hilot* (traditional massage) or partake in activities such as crafting local delicacies like *suman* and *biko* (rice cakes).

# AGRICULTURE

Set deep within the richly historical province of Silang, Cavite, with its rural markets and landmarks, the *House of Maharlika* offers days that begin just after sunrise with handpicking the best of fruits, spices, and herbs under clear blue skies and refreshingly cool air.

Its lush greenery, expansive fields, and other elements of a fertile earth are cultivated by local farmers who have embraced innovation in their ways while lovingly preserving culture and heritage.

Here, we will arrange for special opportunities for you to be one with nature, to try your hand at some basic agricultural and horticultural activities under the careful guidance of our local experts. You will also be free to roam the land as an adventurer or to relax and find solitude.

# DINING

To quench your thirst and satisfy your hunger, a fleet of staff bearing cool towels and fresh coco water will usher you to a lavish dining area. Sumptuous farm-to-table refreshments will be served: delicious, healthy, and sustainable fine dining options crafted by resident dieticians especially selected for the task.

Our deli shop will feature farm fresh produce, essential oils, wild honey, marmalade, and nuts. There will also be a bakery offering pastries, cheese, milk, and yoghurt. All these will be complemented by wellness elixirs – invigorating shakes, medicinal tea, wine, and herbal concoctions.

# AN EXPERIENCE TO REMEMBER

Time will melt away as you get lost in the moment, as the sun rises and descends from the sky. Every day and night is made for your leisure at whatever pace truly offers you peace.

Whether out in the fields or in the privacy of your casita, the *House of Maharlika* will offer an immersive eco-tourism experience in the Philippines; a delight for guests to remember as the years go by.
